

COMMISSIONER FOR HUMAN RIGHTS

Warsaw, 18-02-2022

**Marcin Wiącek**

**Ms Liudmyla Denisova  
Ukrainian Parliament  
Commissioner for Human Rights**

The escalation of the situation near the border of Ukraine causes a serious concern at the international level and arises uncertainty in Europe, especially in Poland.

In this extremely difficult situation your mission as the Ukrainian Parliament Commissioner for Human Rights seems the more important in taking every effort to guarantee the protection of citizens' fundamental rights and freedoms.

I would like to express my openness for continuing of fruitful relations between our institutions based on a long-term tradition of joint initiatives undertaken by my predecessors, such as joint visits to border crossings, strengthening of civil society and protection of the rights of migrating workers.

I am convinced that in spite of all current challenges your deep commitment in implementation of the mandate shall highly contribute to the observance of human rights along with international standards.

With best regards,

Marcin Wiącek

Commissioner for Human Rights
