Dear Colleague!

I present my compliments to you and in reply to your letter from March 23, 2009 have the honour to inform, that the Ukrainian Parliament Commissioner for Human Rights will participate with the most pleasure in the project "Collaboration between Ombudsman from the Eastern partnership (EP) Countries 2009-2013".

I share your opinion that the question of strengthening of national human rights institutions is the most actual for today taking into account modern challenges and threats to the human rights in a modern globalizing world.

I will be glad to see you in Kyiv for presentation of this project.

I use this opportunity to renew to you, dear Mr. Kochanowski, the assurances in my highest considerations.

Nina Karpachova
