Dr. JANUSZ KOCHANOWSKI,  
Commissioner for Civil Rights  
Protection of the Republic of  
Poland

Dear Mr. Kochanowski,

Herewith I would like to extend my gratitude for the invitation to cooperate within the project "Cooperation between ombudsmen from the eastern partnership (EP) countries 2009-2013". I am deeply convinced that this project aiming at building a democratic state and promoting human rights values in all the societies will contribute to a large degree to preserving fundamental safeguards to the existence of democracy and respect for human dignity in every country.

I make myself available for any further discussions and follow-ups with regard to the project and entirely welcome you in Yerevan during your working visit. I am confident that that with joint efforts and contribution from other Ombudsmen from the EP countries this initiative will be of a great success and benefit for all the participating countries in their mission of creating and preserving a democratic state.

Sincerely,

Armen Harutyunyan
